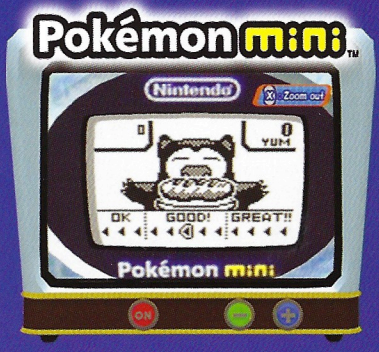
Pokémon Have Taken Over Your TV!

Surf different channels with your pal Pikachu by your side as you interact with loads of Pokémon-style shows. It's a whole new kind of Pokémon fun! With Pokémon news, a quiz show, an art class and a host of mini-games to play, there's no end to the things you and Pikachu can explore together!

Watch a full-length cartoon in a series of five parts. Unfortunately, the ending goes missing. You'll need to hunt high and low, meeting with various Pokémon, to find it.



Turn off the TV and play virtual versions of Pokémon mini—the handheld mini-games that offer quick, fun Pokémon action.

Freeze the TV action and then color in the lines. Smeargle will study your creation. Every time you create another painting, you'll get purchase points for your old one!

Pikachu loves to get out and travel with you. Go to four distant adventure areas, where you'll meet Pokémon and find new items for Pikachu to play with. You can also participate in a wide range of outdoor activities.
